Alyson Books

Bandwidth Optimization Solutions: Strengthening Competitiveness by Saving Bandwidth in Mobile and Wireline Networks Application Note 6 Similarly, as a result of the I-Gate 4000 SBO-CX traffic optimization processes, the packet rate (packets per second) for the transport of the

Bandwidth Optimization Solutions: Squeezing Satellite Link Costs while Providing High-Quality Services Application Note 5 Dialogic® I-Gate® 4000 Product Lines and Solutions Bandwidth optimization systems that use I-Gate 4000 Products for voice and/or signaling traffic carried over IP or TDM satellite links can be

The Three Components of Optimizing WAN Bandwidth Ashton, Metzler & Associates October 2002. P.O. Box 1640 Sanibel, Florida 33957 2 Introduction There are two fundamental truths that characterize an enterprise Wide Area Network (WAN). The first of

implementation of wired/wireless video surveillance solutions, design & implementation of disaster recovery & business continuity solutions (using NetApp, IBM, Sun Microsystem, Riverbed bandwidth optimization, and Entrust identity guard hardware & software) and management of information & communication technology (ICT) projects. 5.

the dual functions of bandwidth optimization and traffic conversion to packet technology, Memotec's Abis solutions enable service providers to roll out remote GSM over VSAT nodes with lowest possible operating expense. As a result, a whole new business model is now possible and GSM operators today are reaping the GSM Over VSAT: Choosing

Bandwidth optimization solutions help systems coexist in hybrid environments, enhancing backup or the movement of distributed data and accessing cloud resources. When moving data to or from cloud-based or remote backup services, bandwidth optimization can take the form of data footprint reduction at the

IWAN with Akamai Connect can scale with your bandwidth requirements. How Cisco IWAN with Akamai Connect Is Managed Cisco WAN optimization solutions are centrally managed, reducing staffing requirements at each school. The WAAS Central Manager provides web-based access for ease of use.

A Survey of Bandwidth Optimization Techniques and Patterns in VoIP Services and Applications Uchenna Peter Daniel¹, Nneka Chikazo Agbanusi² and Kwetishe Joro Danjuma³ ¹Department of Computer Science, Federal University Lokoja, PMB 1154, Kogi State. Nigeria

The Cisco WAAS and ACE solutions reside in the data center and are arranged to provide application optimization services for multiple deployments of SAP Business Suite and SAP NetWeaver software as well as other enterprise applications. Because of their unique location, these solutions can take intelligent action on end-user traffic

Dynamic QoS solutions, on the other hand, ensure that bandwidth is reserved only when applications can use it. One common use of this technology is to extend enterprise backup windows by enabling continuous data backup when bandwidth becomes available. F5 Brings It All Together F5's WAN optimization solutions deliver dramatic replication
